From Stars to Baht: Broadening the economic impact of astronomical data handling techniques in Thailand

Gantt Chart

#	Activity	Month in the **Year1** of the project												Remarks
		1	2	3	4	5	6	7	8	9	10	11	12	
A1	The first networking event in Chiang Rai	X												Workshop with both teams and partners
A2	i. Problem definition		X	X										Initial working phase
	ii. Data acquisition			X	X	V								
	iii. Data preparation			X	X									
A3	i. Solution design				X									Implementation phase
	ii. Implementation						X	X	X					
	iii. Test and feedbacks								X	X	X			
A4	The second networking event in Chiang Rai							R						Workshop with both teams and partners
A5	i. User training											T		Release of the beta version of solution
	ii. One-month deployment and feedback													
	iii. Release of final solution												F/R	
A6	Staff/Student UK visit											X		
B1	Online learning resource development								X	X	X	X		Continued in Year2

Anticipated output
V = Students visiting users; R = Reports (mid-project and final); B = Beta-version solution; F = Final solution; T = Training via virtual classroom

#	Activity	Month in the **Year2** of the project												Remarks
		1	2	3	4	5	6	7	8	9	10	11	12	
A1	The first networking event in Chiang Rai	X												Workshop with both teams and partners
A2	i. Problem definition		X	X										Initial working phase
	ii. Data acquisition			X	X	V								
	iii. Data preparation			X	X									
A3	i. Solution design				X									Implementation phase
	ii. Implementation						X	X	X					
	iii. Test and feedbacks								X	X	X			
A4	The second networking event in Chiang Rai							R						Workshop with both teams and partners
A5	i. User training											T		Release of the beta version of solution
	ii. One-month deployment and feedback													
	iii. Release of final solution												F/R	
A6	Staff/Student UK visit											X		
B1	Online learning resource development		X	S										
B2	Deployment of online learning resource to registered users				D	D	D	D	D	D	D	D	D	
B3	Workshops for IT professionals					X		X		X		X		
B4	Outreach activities to schools					X	X	X	X	X	X	X		

Anticipated output
V = Students visiting users; R = Reports (mid-project and final); B = Beta-version solution; F = Final solution; S = Online learning resource; D = Monthly report of utility/feedback (Online learning resource); T = Training via virtual classroom
